

# PRINCE2 Foundation Online Module and Foundation Exam.

## Overview

PRINCE2 is a process-based approach for project management providing an easily tailored and scalable method for the management of all types of projects. The method is the de-facto standard for project management in the UK and is practiced worldwide.

The online module prepares you to pass the Foundation exam. It covers the level of understanding and knowledge required at the foundation level of each of the 7 processes, the 7 themes and the principles.

## PRINCE2 Foundation 2017 Update

From January 1st 2018 Axelos will be implementing the PRINCE2 2017 Update, with an increased emphasis on:

- tailoring PRINCE2 to the needs of organizations and project environments
- the principles that underpin PRINCE2
- greater clarity on the link between the themes and principles
- the restructuring of the themes guidance to accommodate specific examples of tailoring
- the practical application of guidance, with numerous examples, hints, and tips.

Unfortunately, Axelos will be increasing the Foundation exam fees as part of the update.

## Who is it for?

This module is aimed at Project Managers, aspiring Project Managers and Business Change Managers that want to gain the PRINCE2 Foundation accreditation.
